GEORGE ORTON YIELDS TO DEATH'S SUMMONS.

George Orton, the eldest and beloved son of Mr. and Mrs. Wellington Orton of Portola, passed away Saturday morning at the California Sanitorium at Belmont after a long illness from lung trouble. The funeral which was private took place Monday at Cypress Lawn. Services were conducted by Rev. C. C. Kirtland who had long been a friend of the deceased boy.

George Orton was born in San Francisco 21 years ago. The greater part of his life was spent on his father's ranch at Portola. He was a graduate of the Portola school and had entered Sequoia as a student when illness compelled him to give up his studies.

Besides his father and mother he leaves a brother, John Robert, to mourn for him. The family have the deepest sympathy of the community in their distress.

Imitation Stamps Barred

The Postal Department has issued the following instructions regarding the use of stamps, other than postage, on mail matter: "No adhesive stamps, or imitations of stamps, of any form or design whatever, other than lawful postage stamps, shall be affixed to the address side of domestic mail matter, but such adhesive stamps, provided they do not in form and design resemble lawful postage stamps and do not bear numerals, may be affixed to the reverse side, of domestic mail mater. All domestic mail matter bearing, on the address side, adhesive stamps, or imitations of stamps, other than lawful postage stamps, will be returned to the sender, if known; otherwise they will be forwarded to the division of dead letters."

Tuesday-Night Wedding.

A pretty event Tuesday night, was the wedding of Gussie Mullen and Miss Viola Narvaez, which took place at the home of Mrs. Heiner, the groom's grandmother, on Jefferson avenue. The ceremony was performed by Rev. A. B. Chinn of Menlo Park. Including the family and near relatives the wedding was witnessed by thirty people and at its conclusion a splendid repast was served. The groom, a native of Redwood is well known as a young man of good character. His bride is an estimable young lady, late of San Jose. Many friends join in wishing them a prosperous future.

Will Meet Railroad Commission.

On Saturday afternoon, September 2d, at 2 o'clock the County Development Association will hold a mass meeting in this city at which the Railroad Commissioners will be present and the peninsula transportation rates will be discussed. This will be the most important meeting yet to be held by the association as it will be the entering wedge of action that will result in a revision of the railroad rates. It is necessary that every citizen who possibly can, be present. The meeting will be held at the courthouse.

City Contractor Will Build Home.

Wm. C. Barrick, a prominent contractor and builder of San Francisco with offices in the Pacific Building, has broken ground on Jefferson avenue and is erecting a pretty home near the residence of P. J. Foley. Mr. Barrick has four and one half acres and aims to have a model country home. He is pleased with what Redwood City has to offer home-seekers.

San Carlos Wants School

Since the failure of the recent bond election the San Carlos residents have started a movement to provide a school for that thriving town. A conference will be held in the office of the land company at 10 o'clock Sunday forenoon to discuss the subject.

REMINISCENCES OF OUR PIONEER DAYS

Gleanings From the Records Left By Men Who Laid the Foundation of Our County.

The fall campaign of 1884, so far as the county candidates were concerned, was a decidedly quiet one, there being no acrimony displayed. In fact the canvass appears to have been largely a personal one, the result being that the honors of election were nearly equally divided between th two parties. The Republicans captured the offices of superior Judge, county clerk, auditor, tax collector and surveyor, while the Democrats secured the assemblyman, sheriff, district attorney and public administrator. The largest majority given to any of the county candidates was that of Judge Head, was elected superior judge by the handsome majority of 487, out of a total of 1779 votes cast, while Hatch, the Democratic nominee for sheriff beat his Republican opponent by 240 votes. The closest race in the county was between John Stafford and J. Monahan for supervisor of the Third township, the count giving Stafford, the Republican candidate a majority of one. Monahan attempted to contest the election and demanded a recount, but the only effect of his effort was to add one more to the total of his opponent. As far as the results for the national ticket were concerned, San Mateo county continued her allegience to the Republican party, the candidates for presidential electors receiving majorities which ranged over 200. That there was a general interest taken by the citizens of the county is the result is shown by the fact that the total of 1,779 votes were cast out of a total registration of but little over 2,000.

An accident of a decidedly unusual character in this section was reported in the early portion of November. P. B. Jamieson, while at work making lead joints in some water pipes at the residence of Moses Hopkins, was struck by lightning. The shock caused partial paralysis, which however was not severe, as Mr. Jamieson lost but one day from his work because of the injury.

Here is another little personal item from the Times and Gazette of November 15th, 1884, which seems to show that Redwood City boys were pushing along: "Our esteemed deputy postmaster, A. D. Walsh, graduated at the College of Pharmacy last Thursday evening."

On the afternoon of Sunday, November 16th, 1884, another of the handsome country residences for which San Mateo county was even at that date becoming noted, was destroyed by fire. Just after noon on that quiet Sabbath day the handsome home of Mrs. T. H. Selby, located at Fair Oaks, was discovered to be on fire, and in spite of the efforts of the neighbors and a number of the members of the Redwood City fire department was completely destroyed with the greater part of its contents. The fire was caused by the ignition of soot in one of the chimneys, the sparks from which set fire to the shingles of the roof. The roof was an unusually steep one, cut up into many gables, and this made it extremely difficult to fight the fire with buckets of water, the only weapon available. The house contained one of the finest private libraries on the coast, as well as a large number of valuable paintings, nearly all of which were destroyed.

Minstrels Make Good

J. M. Busby's Minstrels played to a crowded tent last night. They were by far the finest minstrel troupe that ever visited our city, under canvas. Anyone who likes minstrel shows could not help but be pleased at their singing and dancing which was greeted by round after round of applause. The show is new, clean and up-to-date, replete with new songs, and certainly deserved the excellent patronage which it received—Alva Daily News.

The company will appear in this city next Wedesdaay evening.

The MountCarmel Aid Society has announced a social dance and card party to take place at Odd Fellows hall next Tuesday evening. The attendance promises to be large as the object is a worthy one.

GRAMMAR SCHOOL WILL GIVE DOMESTIC TRAINING

The Redwood City grammar school opened Monday with Robert W. Mantz as supervising principal and a corps of ten regular and two special teachers. The total enrollment Tuesday was 351, distributed as follows:

Eighth grade, Miss Roche, 21.
Seventh grade, Miss Caldwell, 25.
Sixth grade, Miss McEvoy, 32.
Fifth grade, Miss Winter, 33.
Fourth grade, Mrs. Thorpe, 42.
Third grade, Miss Kelting, 52.
Second grade, Miss Beeger, 48.
First grade, Miss Nelson, 34.
Second receiving class, Miss Durham, 26.
First receiving class, Miss Glassford, 28.

There were fifty-one new enrollments.

The trustees have joined with the high school board in employing a teacher in domestic science and art for the seventh and eighth grade girls. The class for instruction in cooking will meet in the highschool building but the sewing class will be in the grammar school. Work in these classes begins next week.

Until a manual training laboratory is equipped the boys of the seventh and eighth grades will have special work in drawing with Mr. Carrington, preparatory to manual training. This new industrial promises to be very popular with the pupils.

Joy Riders Lose Machine

Gus Booth and Claude Peaslee, two Palo Alto youths, borrowed an automobile Thursday night without the owner's permission and were indulging in a joy ride through the county when they came to grief at Beresford. They missed the crossing and became fast between the rails and were unable to move the ing unable to signal the engineer the car. A train hove in sight and beyoung men were obliged to abandon the machine which was struck by the train and badly damaged. They are under arrest and will be tried at Palo Alto.

Landmark Removed

The old house at 111 Washington street was torn down this week by William Lipp Jr, its owner. The house, which was one of the oldest in town was erected in 1854.

Died at County Hospital.

Edward Walsh, a resident of Colma, aged 51 years, died at the county hospital Sunday. The deceased was a native of Massachusetts. He was well known in the north-end.

Busby's World's Greatest Minstrels pleased a large audience here last night. They have the best colored show that has been seen here in a long time, says the Attica Current. The company will appear in this city next Wednesday evening.

The ladies of St. Mary's guild will have a home cooking sale and afternoon tea at the rectory grounds Saturday from 2 to 5 o'clock. The public is cordially invited to favor the ladies with its patronage.

Robert Fox, son of Edwin B. Fox and a late graduate of Sequoia, has entered the employ of a prominent bridge-building company in Monterey county and will master the details of that vocation.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

Its' South City's turn

They hold a booster meeting on Aug. 31st.

Go and see how it's done.

A TWO EDGED SWORD.

When the municipal recall was under debate in the Legislature its opponents declared it to be a dangerous weapon, one which it would not always be safe to place in the hands of what was classed as the inconsiderate voter. That there was much of reason in this claim seems likely of demonstration in San Mateo County in the very near future.

A majority of the members of the new municipality of Daly City, in their efforts to make their town a clean one, have seen fit to refuse a saloon license to the keeper of what has generally been classed as a "notorious resort." Both the public press and the grand jury of the county had denounced the place as a menace to the morals of the community, and seemingly this was considered by the Trustees a sufficient reason for the refusal of a permit for the further continuance of the business.

Now the keepers of the tabooed places are attempting to coerce these Trustees to receed from their position by the use of a weapon placed in their hands by the new law. Denied by the officials of the city the right to further debauch the community with their nefarious business, these disappointed harpies propose to use the recall as a weapon to compell the officials to submit to their demands.

This case points out one of the dangers foreseen by those who honestly opposed the passage of the law. The argument that the majority of voters can be counted upon to sustain the right, in a case of this character will count for but little. The ability of a dangerous portion of the community to hold up this threat against an official is a dangerous thing.

SUPERVISORS HOLD REGULAR MEETING

Pacific Gas & Electric Company Gets Contract for Menlo Lighting District

The board of supervisors met in regular session Monday. All the members were present excpt James T. Casey.

Mrs A. Davis of SanBruno petitioned for aid in the support of herself and four children whose ages are 10, 8, 7, and 5 years. She represented that her husband died at sea February 7, 1910.

The application was ordered returned to Mrs. Davis with instructions that she present two applications, one for herself and one for her children.

Reports were received from the motorcycle patrol as follows:

M. F. Brown, Second township—Worked 14 days; 9 arrests and 9 convictions; fines $105; 2 cases pending.

T. A. Martenstein, Third township—Worked 14 days; 6 arrests and 2 convictions; fines $15; 4 cases pending.

John O'Farrell, the grounds superintendent, reported that it would take until the middle of October to establish a good stand of grass and to free the lawns from weeds. It would be impossible to tell what the growth of weeds would be or how much labor would be required to remove it.

A communication was received from the Western Engineering and Water Supply Company offering to supply plans and estimates for installing a septic tank and improving the water supply at the county farm. The communication was accepted and filed.

The matter of opening bids for installing and supplying current to the Menlo Park Highway Lighting District was taken up. But one bid was received, that of the Pacific Gas and Electric Company, which corporation offered to install a system of fifty-two 100-watt Tungsten lamps and keep the same lighted except on moon-light nights for $2.50 per lamp, per month for a period of three years. It was provided in the contract that should the district be dissolved before the expiration of three years the company is to be reimbursed in the sum of $500.

This last feature of the contract was objectionable to the board.

The matter was submitted to the district attorney, but before he had investigated the question, Jas. T. O'Keefe, representing the Menlo Park Highway Lighting District, stated that Mr. Bragg, the agent of the United Gas and Electric Company would withdraw that portion of the company's exacting a penalty of $500 in the event of a dissolution of the district within three years and with the amendment the bid was acceptable to the district attorney and supervisors. Mr. O'Keefe was directed to prepare the contract for submission to the district attorney.

Brown reported progress in the matter of securing a right of way for the proposed change in the road at the county form, and was granted further time.

Brown reported that there was a shortage of water at the County Farm and that immediate steps should be taken to relieve the shortage.

After considerable discussion the superintendent was instructed to employ two men to clean out and develop the springs at the farm and a good supply of water would be secured.

District Attorney Swart presented an amendment to the liquor ordinance by which the minimum penalty for violations is placed at $250.

Brown stated that he was prepared to make other amendments to the ordinance at the proper time and at his request action was postponed until a later meeting.

Blackburn complained that some religious crank was going about the county with a paint pot defacing the county's bridges, tanks and fences by painting signs on them. He moved that the district attorney prepare an ordinance prohibiting such practices as well as the posting of all kinds of advertising on county property. The motion was seconded by Francis and carried.

The district attorney stated that the last grand jury had reported a shortage of between $300 and $400 in the sheriff's office during the regime of R. S. Chatham. Mr. Swart stated that the discrepancy was no doubt due to Mr. Chatham's misunderstanding of the law regarding fees.

It was, on motion of Blackburn, seconded by McEvoy, ordered that Mr. Chatham be asked to appear at the next meeting and explain the shortage.

A communication was received from the Superior Court notifying the board that on December 31, 1910, a judgment had been rendered against the county in favor of C. F. Pierce in the sum of $1522.69, with interest at the rate of 7 per cent and costs amounting to $6.75. Notice was given that no motion for a new trial had been made and no appeal had been taken from said judgment and that said judgment had never been modified or set aside.

The matter was referred to District Attorney Swart on motion of Brown, seconded by McEvoy, with instructions to use every legal effort to secure a new trial of the case.

C. J. Hynding and Donald MacKenzie appeared on behalf of the board of trustees of Redwood City and asked permission to purchase a discarded vault door that was stored in the basement. An offer of $50 was made for the property and it was sold at that price on motion of Blackburn, seconded by Brown.

Mr. MacKenzie asked the board to place a value on the discarded doors and frames saved from the former courthouse, of which there were forty-five, some of which were damaged. On motion of Blackburn, seconded by Brown it was decided to sell all of the doors except three, for $150.

Ambrose McSweeney reported that he had an estimate of $436 for making changes, authorized by the board, in the arrangement of his office, which amount he sonsidered exorbitant.

Recorder Heiner was on motion of Blackburn, seconded by Brown, office, which amount he considered room installed in his office at a cost not to exceed $200.

On motion of Blackburn, seconded by Brown, the salary of the deputy health officers was fixed at $75 per month, and no extras for carfare.

Brown gave notice that hereafter he would not endorse any claims for material furnished the county unless the same are accompanied by requisitions on which the price of the supplies is plainly set down.

Blackburn moved, and was seconded by Brown, that the services of the grounds superintendent be dispensed with after September 5th. The vote resulted in a tie, McEvoy and Francis voting no, and the motion was declared lost.

Judge Lampkin was granted the free use of a typeing machine from the recorder's office in making up his court docket.

The clerk was directed, on motion of Brown, seconded by Blackburn, to notify all county officers to first procure requisitions befor ordering supplies, and to approve all claims before filing.

New --- Womens and Misses --- Fall Apparel --- In Suits

We now have ready a representative showing of models approved for the present season. Attention is directed to our prices which are undoubtedly the lowest, although the season has just commenced. Alterations are attended to by either women or men tailors, all highly skilled and thoroughly qualified artists. This, coupled with our large selection and low prices—not more than 1-2 of San Francisco's, are advantages you cannot afford to overlook.
Women's Tailored Suits $27.50 up, in wide-wale Cheviots and Scotch Mixtures, made from genuine imported fabrics and controlled by us in this vicinity.

TRADE AT FRAZER'S

Irish Scotch --- LINENS --- German Austrian

All our Linens are bought direct from the manufacturer and are made for us and are imported by us. In a city of this size there is probably not another stock in America that will compare with ours for assortment and values.
Well regulated households require their Linens in "Matched Sets." These we have in great variety, both in size and designs, while our Damasks by the yard cannot be surpassed in value. For instance you will find our 72-inch Damask at $1.25 yars; elsewhere at $1.75
Remember we buy for cash, pay our import duties direct to the government and owning our own premises are able to undersell San Francisco not less than 20 per cent.
We do not consider San Jose, as they deal in job lots so much. Reliability does not go with job lots.

MILLINERY---For September and October wear

Our first Grand Atumn display of Millinery is now ready for your inspection, and as usual, will contain many Pattern Picture Hats that once sold cannnt be duplicated. Individuality and great beauty will be featured as never before. Come in and look at the now styles and mark the exquisite workmanship on each hat. Real art in Millinery is the watchword here.

Men's Department

When shopping with us do not forget our seprate store at the corner of the same block, devoted evclusively to the display of Men's and Boys' Apparel. We feature all the time Stetson Hats, Keesle and Horn Neckwear, and Best Ever Clothes for Boys all the time. See our windows for prices that talk.

Boosters Hold Big Me ing

Menlo Park came to the front with a rush at the meeting held there by the boosters on last Saturday night as a community of thoughtful, forceful citizens and one which will bear watching in the development of this section of the peninsula.

Once upon a time there was a tendency on the part of the rest of the county to regard Menlo Park and Milpitas as synonyms for the Rip Van Winkle stunt—it may still be true of the latter place but not of the former for the men, women and children of the village of oaks got behind the boosters in one of the most enthusiastic and enjoyable meetings that has been held by the Association for many weeks. And sturdy, financial support was given to their belief that their own "salvation was in the hands of the Development Association," as Supervisor P. H. McEvoy expressed it.

In line with their previous meetings, the boosters explained to the audiences the ends they were trying to gain for the betterment of the county as a whole, pointing out the ills from which it has been suffering far many years and discussing the means that are being taken to alliviate them. The meeting was presided over by Rev. W. A. Brewer, president of the Association, speeches being made by W. J. Martin, S. D. Merk, C. M. Morse, Supervisor P. H. McEvoy, Rev. A. B. Chinn and James T. O'Keefe. To the last three much of the success of the meeting was due as they took the pains to see that many of their personal friends were there to learn what the boosters were doing and trying to do for Menlo Park and the rest of the county.

Believing that San Mateo county offers as many attractions to the general tourist trade as many more advertised spots in this state, an effort was commenced which has as its aim the halting of the special excursion trains of the Southern Pacific at San Mateo, with the granting of stopover privileges to the tourists, who may take advantage of the Peninsula Hotel facilities at that point. The following resolution on the subject which was introduced by S. D. Merk was unanimously carried by the meeting:

"Whereas, the Southern Pacific Company, in advertising its special excursions from Los Angeles to San Francisco, announces stopovers at Santa Parbara, Paso Robles, Del Monte, Santa Cruz and San Jose and Whereas, The citizens of San Mateo county have at great expense established at SanM ateo a superb hotel—The Peninsula—containing 300 rooms, strictly up-to-date in all its appointments and catering successfully to the high clsas tourist trdae, therefore be it, Resolved, That the San Mateo County Development Association respectfully but earnestly request that the Southern Pacific Company make due mention of the Peninsula Hotel in its advertisements, giningx the same stop-over privileges at San Mateo as at other cities containing first class hotels."

At the meeting of the Board of Governors which was held on Tuesday night it was decided to hold the next booster meeting in South San Francisco on Thursday evening, August 31st. This will be followed by the big date in the annals of local boosterdom, September 2d; when they will meet the railroad commission at the courthouse in Redwood City for the purpose of airing the ills of this county as regards transportation rates. o Discrimination along this line exists. The county demands ith rights nad wants help of its citizens in getting them. Attend that meeting.

Another Home Wedding.

Gussie Mullen, eldest son of Dan Mullen of this city, wsa united in marriage to Miss Viola Marvaez at the home of Mrs. H. E. Heiner, grand mother of the groom, Tuesday evening. Rev. A.B. Chinn of Menlo Park performed the ceremony. The Heiner home was beautifully decorated with choice flowers and potted plants. Only the family and relatives witnessed the ceremony. About thirty people sat down to the breakfast and many were the well wishes extended the young couple. Mr. Mullen is a native of Redwood City, and a young man of exemplary character. His bride is late of San Jose and a lady of unusual beauty. The Times-Gazette joins with a host of friends in wishing the young couple a happy and prosperous wedded life.

Suffragests to Tour Coast

Halfmoon Bay is to be the objective point of the Packard touring car "The Blue Liner," in a whirlwind suffrage rally Wednesday afternoon, August 30th. A veried assortment of songs, monologues and oratory will come forth from the "Blue Lines" at the rendezvous, the Occidental hotel, after which the auto is to proceed south as far as Pescadero, giving out door demonstrations on the way to each town. The party, with flying banners of yellow "vote for women," will return to San Francisco via Redwood City. The speakers and entertainers include Mesdames Wall, Patterson and Baker, Mr. and Miss Hayes and Mrs. Fletcher.

The Redwood City Woman's Franchise League held an interesting meeting at the home of Mrs. Lesserman in Dingee Park Thursday afternoon. After a short business session Mrs. Miller of San Francisco gave a talk of much interest to all. Also Mrs. Karns, president of the Palo Alto Franchise League spoke. The next meeting will be public at the parlors of the Congregational church Friday evening, September 1st, at 8 o'clock. Prominent speakers from San Francisco will be present. A short musical program will also be rendered. Admission free. All are invited.

Mr. and Mrs. J. W. Eva have returned from a two months' visit to friends on Russian River and will occupy their handsome hime in Dingee Park.

CITY COUNCIL HAS BREEZY SESSION

Long Pending Claims of City Surveyor Cause of Some Lively Discussions

Although last Monday night's meeting of the city council was continued until a rather late hour, but little in the way of actual business was transacted. Probably attracted by the expectation that some disposition would be made of the srteet railway franchise which has been pending for some time, there was an unusually large attendance of spectators at the meeting. All of the trustees were present when the roll was called by Clerk Plump.

The usual monthly report of the city officers were presented and after being read by the clerk were approved and ordered filed. City Marshal Coleman reported that during the month he had made collections for the general fund aggregating $1288.90. Poundmaster Cofiori reported that he had impounded three horses and five dogs, and that all three horses had been redeemed, but that no owners had appeared for the dogs and as a consequence all had been killed.

Treasurer Towne reported that the receipts of the general fund for the month had been as follows:

Recorder's court fines	70.00
Water rates	966.60
Licenses	212.00
Sewer connections	10.00
Water connections	40.00
Roller hire	7.00
N. D. G. W. Park Fund balance	27.85

The total expenditure from the fund for the month had been $2351.74, leaving a balance on hand of $954.86.

The quarterly report of the library fund showed that the expenditures had amounted to $157.25 This leaves a balance of $1047.-.58 in the fund. Trustee Brown, who is also a member of the library board, stated that a considerable portion of this balance would be required in the near future for the purchase of new books.

T. C. Rice asked for and was granted an extension of time until September 5th in which to complete the sidewalk work in district 13.

At the request of H. C. Tuchsen, Street Superintendent Dickey was instructed to extend the water main in Jefferson avenue some 300 feet to supply water for a new residence to be built in the Eagle Hill subdivision. Mr. Tuchsen also asked that the Council repair a bridge in Jefferson avenue near the same subdivision, but this the Trustees declined to do, holding that the work should be done by the owners of the property.

Attorney Archer Kincaid started the only excitement of the evening when, as the representative of J. V. Neuman, he urged the council to make some final disposition of a number of delayed claims for engineering work done by Neuman as city surveyor. These claims, it was explained were for engineering work on street improvement districts which had been allowed to temporarily lapse and amounted to a considerable sum. Some of the claims were for work done something like two years ago, and on several occasions Mr. Neuman had made personal efforts to arrive at a settlement. It wsa explained to Mr. Kincaid that several of these lapsed districts had since been merged into new districts and that the claims would eventually be paid from these, but this explanation failed to clear matters and a rather lengthy discussion, which at times threatened to become acrimonious, followed. As no immediate agreement seemed possible, the matter was finally referred to the finance committee for solution.

At the suggestion of Chairman Merrill Street Superintendent Dickey was instructed to make some minor repairs to a bridge just outside of the citylimits in the vicinity of Five Points. While the trustees did not appear to consider that the city should be liable for this expense, it was evident that the bridge was in a dagnerous condition and it was not deemed safe to allow the repairs to be delayed.

Trustee Hynding reported that the work of drafting a franchise for the street railway system had not been completed and on his motion the consideration of the proposed ordinance was laid over until the next regular meeting, September 5th.

Trustee Hynding of the committee on public works reported that the committee had arranged with the supervisors for the purchase of a door for the vault of the new city hall at acost of $50, and the action of the committee was approved.

Trustee Hynding, for the committee on public works, reported that it had been found necessary to make some changes in the plans for the foundations of the new Center-street bridge in order to secure a safe foundation owing to the nature of the earth. This will necessitate an added expenditure of something like $600, but the change was apparently a necessity and was approved.

Street Superintendent Dickey reported that through some misplacement of surveyor's stakes an error had been made in the location of the new water way on the County Road, and that as a result the excavation was liable to encroach upon private property. From the same cause the pipes of the Spring Valley Water Company were so laid as to somewhat interfere with the new ditch. Considerable time was spent in an endeavor to locate the responsibilility for the error without satisfactory results.

The work of McGarvey, Hess & Kreiss in grading and macadamizing James and Elwood street was accepted, no objections having been made. This, with the exception of a small piece of sidewalk work, completes the improvement of District 13 and it is expected that at the next meeting of the council the business of that district will be wound up and the surplus funds returned to the property owners.

The work on District 14 was reported as completed, and at the suggestion of City Attorney Mansfield warrants were ordered drawn for the return of the surplus, which amounts to a little over $6000. This will return to the property owners about 15 percent of their original assessments.

Street Superintendent Dickey reported that it would be necessary to employ a surveyor to determine lines and grades on the County road for the storm water outlet in order that the contractors might not be delayed in their work. This again emphasized the differences between Surveyor Neuman and the trustees, all of whom seemed to be of the opinion that some other surveyor should be secured to do the work. After another extended discussion the matter was referred to the committee on public works and the chairman of the board to endeavor to secure an acceptable surveyor.

Poundmaster Cofiori was the next individual to come in for a scoring at the hands of the Trustees. General dissatisfaction was expressed with his work and it was finally decided to cite him to appear before the council and explain.

The next meeting of the council will be held Tuesday, September 5th, Monday being Labor Day and a legal holiday.

The exhaust of the drilling engine is heard day and night in Tunitas Canyon. Here the High Gravity Oil Company is persistently carrying forward its drilling operations in the upper tertary or pliocene formations of alternating shales. Indications are that when the lower shale beds are passed through, an extensive deposite of light oil will be encountered in the lower sands. The oil formations apparently lie deep but present operations tend to show that there is a large accumulation of oil in and near the trough of the syncline. From the attention this company is attracting there is no doubt but that in a short time the Tunitas syncline will be closely sturied by oil operators. --Coast Side Comet.

The Colma-Vista Grnade Drum Corps won the second prize of $100 by musical organization in the monster Eagle parade in San Francisco last Thursday. This speaks well for the musical talent of our northern neighbors.

L. E. FOSTER, Secretary.

Office: 337 Monadnock Building, San Francisco, California. 8-26-5

Petition for the Incorporation of the City of Menlo Park.

To the Honorable, the Board of Supervisors of the County of San Mateo, State of California:

The petition of the undersigned, respectfully represents:

That each of your petitioners is a qualified elector of the County of San Mateo, in the State of California, and a bona fide resident within the limits and boundaries of that certain district, territory or tract of land, proposed by your petitioners to be incorporated as a municipal corporation, and hereinafter particularly described;

That the same is not, nor is any part thereof, within the boundaries and limits of, or incorporated as a municipal corporation; that said district, territory, or tract of land, so proposed by us to be incorporated as a municipal corporation, is situate in and being part of said County of San Mateo, in said State of California, and the same is particularly set forth and described as follows, to wit:

Commencing at the point of intersection of the northerly line of the Bay Road with the northerly extension of the easterly line of Willow Road; thence in a southerly direction crossing said Bay Road and along the said easterly line of said Willow Road to the point of its intersection with the northerly line of Middlefield Road; thence in an easterly direction along the northerly line of said Middlefield Road to a point where the same intersects the center line of San Francisquito Creek; thence along the center line of said Creek and up its course and in a southerly direction to a point that would be intersected by the southerly line of Olive Avenue if extended in an easterly direction; thence westerly and along what would be the southerly line of said Olive Avenue if extended, and the southerly line of Olive Avenue to the westerly line of Valparaiso Avenue; thence continuing westerly in a straight line which would be an extension of said southerly line of said Olive Avenue, to a point five hundred feet westerly of the westerly line of Atherton Avenue or Selby Lane; thence northerly and on a line parallel with and at all times distant five hundred feet from the said westerly line of the said Atherton Avenue or Selby Lane to and across the County Road leading from San Francisco to San Jose to the northerly line of said County Road; thence easterly along said line of said County Road to a point that would be five hundred feet westerly from the intersection of said line of said County Road and the westerly line of Fair Oaks Lane, and thence continuing said line in a northerly direction parallel to and at all times five hundred feet distant from the westerly line of said Fair Oaks Lane to and across Middlefield Road to the northerly line of said Middlefield Road; thence easterly along the northern line of said Middlefield Road to a point that would be five hundred feet westerly from the point of intersection of said northerly line of said Middlefield Road with the westerly line of Marsh Road; thence in a northerly direction parallel to and at all times five hundred feet distant from the westerly line of said Marsh Road to a point where said line is intersected by a line running due west from the point of intersection of the northerly line of Bay Road with the easterly line of Marsh Road; thence due east to said intersection of said northerly line of Bay Road with the easterly line of Marsh Road; thence in an easterly direction and along the northerly line of said Bay Road to the place of beginning.

Your petitioners further pray and ask that said proposed municipal corporation have, bear and be given the name, to-wit, "City of Menlo Park"; and they further state that the number of inhabitants residing within the limits and boundaries of said proposed municipal corporation, herein above particulary described, is stated to be, and the same is, Fifteen Hundred (1500), as nearly as can be ascertained and stated by them.

Wherefore, your petitioners pray that all of the said County of San Mateo, included within the limits and boundaries particulary described herein, be incorporated as a municipal corporation, with and under the name of the "City of Menlo Park", under the provisions of, and as provided by the Act of the Legislature of the State of California, entitled, "An Act to Provide for the Organization, Incorporation and Goverment of Municipal Corporations", approved March 18th, 1883, and the Acts amendatory thereof and supplemental thereto.

Dated at Menlo Park, August 16th, 1911.

NO REASON FOR IT

When Redwood City Citizens Show the Way.

There can be no just reason why any reader of this will continue to suffer the tortures of an aching back, the annoyance of urinary disorders, the dangers of serious kidney ills when relief is so near at hand and the most positive proof given that these ills can be cured. Read what a Redwood City citizen says:

Fred Haussler, 101 Stambaugh St., Redwood City Cal., says: "My kidneys were disordered and the kidney secretions were unnatural. Knowing that difficulties of this kind often result seriously if allowed to go unchecked, I was anxious to get relief. Seeing Doan's Kidney Pills highly recommended, I got a box at P. A. Ryan's Drug Store and their use completly removed my trouble. In July 1907 I publicly testified in praise of Doan's Kidney Pills and at this time I gladly confirm that statement. This fact justifies my speaking more highly than ever of Doan's Kidney Pills."

WALKER HEIRS AGREE TO BURY THE HATCHET.

The bitter contest over the will of the late David F. Walker, which has been carried on between his widow, Mrs. Althea Walker, and David F. Walker of Salt Lake, acting for Walker's children and grandchildren by a former marriage, has been settled out of court. By the terms of the agreement the property will be divided in the same manner as if Walker had died intestate.

Walker, who died in Salt Lake City, September 11, 1910, willed all his property to his widow, but failed to specify that the children were cut off from any share of the estate. This was a legal flaw and David F. Walker Jr. brought suit, alleging also that the will had been influenced by Mrs. Walker through the means of spiritualism, to which she had converted her husband. Suit was brought simultaneously in this county and Salt Lake.

As a result of the settlement Carl W. Elfving of San Mateo will be relieved of his duties as special administrator, and Walter Linforth, attorney for the contestants, will be appointed in his place.

Walker was president of the California Safe Deposit and Trust Company, which failed several years ago, and the estate has been made defendant in a number of suits brought against it by creditors of the defunct bank.

In all there are eleven heirs, who will receive varying proportions of the financier's estate.
